200 EXPLORE THE BIBLE • Numbers and Deuteronomy

Rick Zuniga | Room 306-308

The people of the Exodus witnessed the plagues of God against Egypt. They directly experienced his awesome wonders that broke pharaoh’s oppression and by which they were redeemed from slavery. Despite this amazing firsthand experience of God, the adjectives repeatedly attached to that generation throughout the Bible include “unbelieving,” “stubborn,” and stiff-necked,” which we all know very well ourselves. The story of that generation’s remarkable faithlessness is especially highlighted in our study. Come and explore God’s faithfulness to his people as we study Numbers and Deuteronomy this quarter.

9:30AM – 10:45AM

300 EXPLORE THE BIBLE • Christianity and other belief systems: A biblical comparison

Lily Chan-Tan | Room 304-305

This study focuses on the worldview of major religions and cults from a Christian perspective. Through the lens of the Bible we will explore the differences represented in other religions and belief systems of the world that are vying for the hearts and minds of people today. God’s Word is the determining factor to define the differences between the basic truths of the Christianity faith and what other faiths believe. The challenge for us is to be ready to give a reason our faith as Jesus’ followers.
